The following is a company announcement issued by RS2 Software p.l.c. pursuant to the Malta Financial Services Authority Listing Rules.

Quote

Following the COVID-19 global crises, the company would like to inform its clients and esteemed shareholders that RS2, as a service provider, it triggered its business continuity plan to continue providing its services with no impact or interruption to your business.

The company tested its plan involving all our offices around the Globe to execute all processes remotely from the operation perspective as well as from the technology and infrastructure and after successful testing, the plan was executed in order to adhere to the various governmental requirements in the various regions but more importantly to secure the health and safety of our colleagues and partners.

The company confirms that the plan is fully functional. All company business lines, licensing, processing and merchant services around the globe are operating at normal services level.

It is too early to forecast the impact of the pandemic on the financial and operational performance of the group, especially since developments continue to unfold on a daily basis but the company is confident that with the healthy pipeline, leading technology and a competent team the company will be able to meet the challenges that the pandemic may present.
